

Fontainebleau Municipal Advisory Committee

**E.W.F. Stirrup Elementary School
330 Northeast 97th Avenue
Miami, Florida 33172**

**December 12, 2002
Minutes**

Present at the meeting were:

Odell Ford, representing Miami Dade County
Enrique Cuellar, Chief of the Code Coordination and Public Hearings Division of
Miami Dade County Environmental Resources Management Department
Mike Gambino, Section Supervisor of the Water Management Division of Miami
Dade County Environmental Resources Management Department
Roger Lorenzo, Committee Chairman
Juan Carlos Nistal
Jose Carlos Gaset
Maria Roca
Cecilia Haffele
Donna Skinner

- Odell Ford, representing Miami Dade County, called the meeting to order at 7:29 pm.
- Enrique Cuellar gave an overview of the Code Coordination and Public Hearings Division of Miami Dade County's Environmental Resources Management Department. He described its responsibilities relating to the enforcement of regulations affecting air, water, and land resources in the county and how those responsibilities would be handled if and when incorporation occurs.
- Mike Gambino gave an overview of the responsibilities of the Water Management Division of Miami Dade County's Environmental Resources Management Department. He briefly discussed
 - Control of stormwater runoff so as to
 - Reduce flooding
 - Control water quality
 - Flood Plain Management Master Plan and the federal laws enacted to control pollution from storm water runoff so as to prevent pollution from running into US bodies of water.
 - Canal maintenance and standards that must be complied with.

- Requirements that new construction supply adequate drainage so that pollution is controlled on site, thereby eliminating the possibility that it run into bodies of water.
 - National Flood Insurance Program, FEMA's involvement in subsidizing flood insurance in our area, and its minimum set of standards.
 - Community Rating System (CRS). Points and discounts are given to residents, based upon the quality of flood protection activities provided to residents.
- Roger Lorenzo discussed with committee members future meeting dates and agendas of the Fontainebleau MAC, taking special note of the dates for which Public Hearings have been scheduled:
 - January 9, 2003
 - February 20, 2003
 - July 17, 2003
- Odell Ford provided Roger with answers to the following questions which Roger had asked at the previous meeting:
 - Who owns the lights on Fontainebleau Blvd?
 Answer: From Flagler Street to approximately 2000 feet west, the concrete poles in the median are owned by Florida Power and Light. From that point on west, the lights are county owned.
 - How many roadway miles turn over to the municipality if it incorporates?
 Is there a way of determining privately owned roadways?
 Answer: Roadway miles = 10.92
 Lane miles = 29.44
 All roads without right of way dedication are private.
- Roger requested that Odell provide an update on what has happened in other communities that have MACs. Odell said he would email the information to committee members.
- The meeting was adjourned at 8:20 pm.
